ABOUT ME

I am a Mathematics student at Universitas Indonesia with a strong interest in problem solving, organizational management, and business development. Through my experience in student companies, I have learned to take responsibility, coordinate tasks, and respond to challenges in fast paced environments. I am motivated to further develop my skills while gaining practical experience and contributing to meaningful projects.

ORGANIZATIONAL AND COMMITTEE EXPERIENCE

Founder & Business Owner — Xyraamarket **2023 - 2025**

- Managed an independent digital business with 1,500+ completed customers and approximately Rp15M gross revenue.
- Handled financial operations including pricing, budgeting, profit calculation, cash flow, and capital allocation.
- Negotiated with suppliers and managed customer relations, while expanding the platform to support other sellers.

Head of Stage Crew — Musical Theater Production **Feb 2024**

- Led a 15-member stage crew within a 60-person musical theater production.
- Designed and fabricated stage props while coordinating the procurement, distribution, and management of production assets.
- Collaborated with cross functional teams to ensure backstage requirements were completed on schedule.

Production Manager — Olativity Student Company **2023 - 2024**

- Managed production for a hydroponic educational kit designed to promote sustainable food cultivation in urban areas with limited land.
- Coordinated with 5 member production team, including raw-material preparation, production readiness, and quality control under the VP of Production.
- Successfully supported the product launch by resolving last minute material shortages and sourcing required materials.
